

## **Arizona Skeet Shooting Association Junior Fund**

The ASSA has a fund to provide assistance to any junior shooter that is attending the Junior World Shoot. This fund was started to help the juniors that were active participants in the NSSA and ASSA that may not have the means to travel out of state. It has been so successful that we initiated criteria due to the potential number of juniors requesting funding. This fund is maintained by the members of the ASSA in order to promote registered skeet shooting and with the hope of gaining more members who will continue supporting our sport.
